

OSAMA SOLIMAN

JAVASCRIPT NINJA

Enthusiastic and creative English Teacher with 7+ years of classroom teaching experience. A dedicated teacher who is easily adaptable to different learning styles.

Highlights:

- Impacting ~320,000 developers around the world on Stack Overflow.
- Created a Google for drugs app (Dawaey) that was downloaded ~100,000 times and used over 5,000,000 times by healthcare providers till now.
- Contributed to developing a Facebook for nurseries app @Parent ApS.
- Contributed to Open-source within many projects (~100 code Repos on Github @smsmware).

With a tenth of apps for mobile and web, my responsibilities were:

- Support the entire application lifecycle (concept, design, test, release, and support).
- Produce fully functional mobile applications writing clean code.
 - Gather specific requirements and suggest solutions.
 - Troubleshoot and debug to optimize performance.
 - Design interfaces to improve user experience.
- Liaise with the Product development team to plan new features.
- Ensure new and legacy applications meet quality standards.
- Research and suggest new mobile products, applications, and protocols.
- Stay up-to-date with new technology trends.
